School experiments new methods of education

Staff Reporter

New Delhi

THE VISION Valley School, in its preparation for the 21st century aims to remove the traditional systems of education and introduce a new effective system based on scientific, modern, positive and practical principles and applications.

The school shall endeavor to attain its goals through excellent management, brilliant teaching staff, safe surroundings and an innovative system of education.

Situated in the foothills of the Himalayas and two and half kilometre from Kashipur along the Kundeshwari road, the school is nestled in a quiet and picturesque ambience. The campus is in perfect harmony with nature and the world famous tiger reserve Corbett National Park is 30 kilometre away. Another popular tourist spot and hub of education in the country Nainital is also in close proximity. Kashipur is just 221km. from New Delhi and is easily accessible by road and rail.

The school aims at providing the pupils with an amicable environment to hone their skills and in the process exercise their fundamental right for education.

The outstanding feature of the school's academic programme shall be the novel idea of getting its students to perform well without having to unduly burden the parents in any way.

It aims to install Indian traditional values and a sense of pride in Indian culture and art in their pupils. At the same time, making them aware of the new streams of thought and enlightenment, so that they achieve a natural and practical synthesis between the two, enabling them to tackle all

challenges in the life ahead.

The school prepares its students for the examinations conducted by the GBSE, New Delhi. These examinations are taken at the end of the classes X and XII. The medium of instruction is English.

The school is equipped with spacious buildings. It can also boast of some of the best facilities provided for sports and games, co-curricular activities of a varied nature, computer etc besides concentrating on academic excellence as its priority.

The school has ideal potential for a good residential life for its pupils with the best facilities being provided.

The school lays great emphasis on character building and discipline. It expects parents to cooperate with the school in this crucial area of a child's development.

The school management endeavours to appoint well qualified and hard working teachers. The school generally does not endorse tuitions.

Sri Satish Chandra Memorial Scholarship is awarded annually to brilliant pupils of financially weak parents.

The new academic session begins in early April every year. The lower age limit for admission to nursery is 4 years as on March 31st of the year of joining school. Admission is strictly on the performance of the candidate in the entrance examination. An attested birth certificate, transfer and character certificate and passport size photographs are to be presented at the time of admission.
